

LANDDD

STUDIO

Better PLANET, Better YOU.

Eco Friendly Materials

Even if you are stylish, flexible and organic, there is always something more to do!

Hand in hand with our partners and suppliers, we try to maintain a sustainable fashion mentality, using all natural and eco-friendly materials.

We produce yoga wear collections for everyday and active life which are made with sustainable materials such as high quality organic cotton certified by Global Organic Textile Standard (GOTS), recycled materials certified by Global Recycled Standard (GRS), LENZING™ EcoVero™ and Tencel™ fibers derived from certified renewable wood sources.

Feels so right

Transparency

From day one, we do our best for ethical manufacture. We support #WhoMadeMyClothes movement by Fashion Revolution wholeheartedly.

For our employees, we provide ethical, fair and healthy working conditions. From the place where our fabrics manufactured to our sewing studio, we guarantee that all of our partners every and each of our partners works in internationally certified environments with a fair living wage and equal working conditions.

We transparently show
#whomadeyourclothes.

Barcode System for Traceability

On Lando hangtags, there is a QR barcode that you can scan with your phone and see the item's journey from raw material to finished good.

We are happy to show all of our production steps transparently.

Giving Back to Nature

In order to heal our environment and ourselves we need to be more connected with nature.

Lando hangtags are made with biodegradable plantable eco-paper embedded with basil seeds. When you plant your tags in a pot of soil, the tag will grow into fresh basil.

We hope it will inspire you to minimize your waste and have more green your life.

Better Planet, Better You

produces up to	 Greenhouse gas emissions	 Energy	 Water	 Co2 emissions
Organic Cotton	94% LESS	62% LESS	91% LESS	
Recycled Polyester		50% LESS	35% LESS	70% LESS
LENZING™ ECOVERO™			50% LESS	91% LESS

Your conscious choice has a positive impact on the health of our planet!

Thank you.
